Version #5, June 2017

From the Principal

Thank you for offering to be a homestay family for international students enrolled at St. Aidan's Anglican Girls' School. At our school, we take the care and concern of our students very seriously. We aim to work closely with members of the school family, parents, caregivers and homestay families, to ensure that every student at our school enjoys a rich and stimulating school life and achieves her academic and other personal goals.

Homestay families are pivotal in us offering our school to international students. The health and wellbeing of these young women is particularly entrusted to you by their families and by our school. We look forward to a close relationship with you and your family as we work together to provide a wonderful experience of living and being educated in Australia.

I encourage you to truly embrace the opportunity to connect with the young person/ people in your care, to get to know them and their families and to learn about their home country as much as you can.

Thank you for your support and involvement.

Karen Spiller

SECTION 1

Homestay for International Students at St Aidan's

What is Homestay?

Homestay is a program of complete immersion into the Australian culture and lifestyle, where students are welcomed into the home of a local family whilst studying at St Aidan's.

Australian homes come in a variety of shapes and sizes. Homestay families may live in an apartment, a townhouse or a freestanding house with a garden. Each home is different.

Australian households are also diverse. Some different types of households are two parents with their own children, an older couple whose children have grown up and moved out of the home, a single mother, a young couple with no children or an extended family where the household also includes other family members such as grandparents.

Australia is a multicultural society and families may come from a range of cultural backgrounds. All Homestay families will speak English in the home, as this is part of the full immersion experience.

How does Homestay work?

St Aidan's has a Homestay program for International students. The school employs an International Homestay Coordinator to oversee this program.

As part of the process of arranging a suitable placement, the requests and profile of both the student and homestay family will be taken into consideration.

When a student enrolment is confirmed, the school will contact you with details. We will then require you to signed and return the homestay agreement.

We encourage communication with your student prior to arrival in Australia. This could include things like:

- Exchanging emails with the student prior to their arrival.
- Exchanging photographs and videos.
- Discussing things such as family routines, what sort of food to expect, questions about life in Australia, hobbies and interests, etc.

How long do International Students stay?

Students come to Australia for varying lengths of time.

Short term visiting students generally stay for 4-10 weeks on a visitor visa. Medium term placements can be for one school term or semester. Long term students may stay for one year or several years.

Some students change families during their time in Australia to maximise the variety of their experience. This is no reflection on the family they have been staying with. Others stay with the same family for years. There is no definite pattern and what works for one student may not work for another.

What countries do international students come from?

Most commonly, international students come from Asian countries such as China, Taiwan, Vietnam, Japan, Korea and Indonesia. We also have some students who come from European countries such as Germany, France and Russia.

Homestay Parents

Homestay parents assume the role *in loco parentis* (Latin for 'in place of a parent'). *In loco parentis* describes a relationship to the student similar to that of a parent. This means that whilst the student is staying in your home, you assume all aspects of parental care and responsibility for the student. You will act as that student's guardian whilst they are staying in your home however please note that St Aidan's hold legal guardianship.

What if it doesn't work?

Occasionally there is a simple mismatch of a student and homestay family. In this case mediation is the first response, which will be coordinated by the school. If an acceptable solution is not reached a new placement will be found for the student if all parties are in agreement.

A change of Homestay can be requested by either party. This will be negotiated on an individual basis depending on circumstances.

Monitoring Visits

Regular monitoring visits will be conducted throughout the school year, two of which are compulsory. Home visits are conducted by two of following staff members; International Homestay Coordinator, Dean of Students and Academic Welfare, Guidance Counsellor or alternatively another member of the Senior Leadership Team.

A report and photos will be taken at the time of the visit.

There may be additional home visits throughout the year.

Some home visits may be scheduled with short notice.

International Homestay Coordinator

The role of the International Homestay Coordinator:

- Recruiting and screening potential Homestay families.
- Arranging suitable homestay placements for students.
- Being available to help with any difficulties or adjustment issues either in the home or at school.
- Liaising with other school staff, parents and agencies regarding student's welfare or home situations.
- Conducting at least two compulsory homestay family monitoring visits per school year.

If you would like to discuss any matters with the International Homestay Coordinator directly, appointments must be made prior to ensure the International Homestay Coordinator is available and within school to meet you at a convenient time.

The emergency mobile phone is maintained by the school. The number is 0434 208 178. Please note this is an emergency number only and will only be answered outside of school hours. Please call St Aidan's on 07 3373 5999 during school hours.

What are Homestay families expected to provide?

The minimum requirements Homestay families are expected to provide include:

Bedroom

A separate bedroom with a single bed (including appropriate linen/blankets), wardrobe, storage and desk. The bedroom must have adequate lighting, heating and cooling/ventilation. The bedroom is recognised as a private area for the student. The student is expected to keep their room clean and tidy.

Study Area

The student must have an appropriate area for schoolwork and study. In many cases this will be a desk and chair in their bedroom. It is also acceptable for the student to have a designated area in another space, such as a desk in the home office or study.

The study space must have adequate lighting, heating and cooling/ventilation. It must be a quiet space where the student can work uninterrupted.

Bathroom

A shared or private bathroom, with adequate time allowed for showers. Toiletry items, such as soap, shampoo/conditioner, sanitary napkins or tampons, toilet paper, toothbrush, toothpaste and towels will be provided by the Homestay family.

Girls should be shown where and how to dispose of sanitary napkins and tampons.

Tell the student when it would be a convenient time in the day to take a shower. Show them how to use the bathroom facilities as they may be used to splashing water around or squatting toilets.

Use of Common Facilities

The student will expect to share the common facilities in your home with you. This includes such things as living spaces, television, swimming pool and yard.

If you wish for some special items to be off limits to the student, such as musical instruments or personal computers, make sure this is clearly explained. Similarly, explain to your student which areas of the home are private spaces, such as other bedrooms, ensuite bathroom or home office.

Meals

All meals are provided by the Homestay family, including fruit and some snack food. It can be helpful to take your student grocery shopping with you to discuss food options.

Students will be provided with breakfast, lunch, dinner and snacks such as morning and afternoon tea daily.

Breakfast – You can encourage the student to help themselves to breakfast foods such as toast, cereal, fruit, tea, coffee, juice or milk.

Lunch – Homestay families will make, or provide the ingredients for the student to make, a healthy packed lunch during the school week. This could include such things as sandwiches, wraps, rice, noodles and salads. Similar types of food will be available to the student for lunch on the weekend.

If the student decides not to take lunch from home, food may be purchased from the Tuckshop at the student's expense. If the student decides not to eat a meal at home, such as lunch on a weekend, they are responsible for purchasing their own food.

Dinner – This is usually the main meal of the day. If the homestay family decide to eat a meal at a restaurant or another location other than the home, the homestay family is responsible for any expenses incurred. The student does not have to pay for their meal. If the student does not attend this meal, the Homestay family must ensure the student is provided with a suitable meal option at home.

Snacks – Students will have access to snack foods such as fruit, biscuits, cake, yoghurt, etc. for morning and afternoon tea.

Allergies

All medical and allergy information received by the school will be passed onto the homestay family upon placement. The homestay family should ascertain any foods the student does not or cannot eat.

Laundry

The laundering of clothing, linen and towels and ironing of the school uniform is the responsibility of the homestay family. You may ask the student to assist with laundry as part of their contribution to the household. It is the student's responsibility to ensure their washing is placed in the appropriate place so that laundry is done on time.

Access

The student will be provided with keys, passwords and/or alarm codes so they can access the home at any time.

Telephone

Students are required to carry a mobile phone with enough credit to make phone calls to their homestay family if necessary. If the student would like to use the home phone to ring family overseas, assist them to purchase a pre-paid International Phone Card (usually available from a newsagency or convenience store).

Homestay parents will provide the student with their mobile phone numbers and other contact details.

Internet & Technology Use

As part of their enrolment, St Aidan's students are provided with a laptop (or similar) for home and school use.

Homestay families will provide access to home internet for all school related purposes.

As home internet plans vary greatly, additional internet usage will be negotiated between the homestay family and student. Homestay families should present clear guidelines to the student regarding internet usage, such as time limits and download limits. It can be helpful to put these in writing.

Many overseas students are not aware of Australian laws surrounding things such as piracy and illegal downloading. As part of their orientation to your home, please clearly explain what is and is not acceptable use of the internet. Students are not to participate in any illegal online activities (such as illegal downloading or streaming of movies, games, TV shows and music). It may be helpful to show students how to access content legally through subscription services like Netflix, pay per download services like iTunes or Australian television catch up websites like Ten Play or iView. Students will pay for their own subscriptions and entertainment costs.

Students who are found to be using the homestay family's internet connection for illegal activity will lose the privilege of using the home WIFI service. They must then purchase their own mobile WIFI modem and data plan as internet access is required for schoolwork.

Students may purchase their own mobile WIFI prepaid internet data if they require extra usage the family cannot provide. Even when using their own mobile WIFI data house rules regarding internet usage, such as time limitations and appropriate content, will be observed.

Please closely monitor your student's internet usage, including the content they are accessing. If the student is accessing the internet in their bedroom via computer or mobile device we request that the door be left open with the monitor/screen in full view.

We ask families to enforce technology curfews for the use of devices such as computers, mobile phones, etc. By 10pm on school nights (unless exceptional circumstances) mobile phones, laptops, tablets and other electronic devices must be switched off and removed from student bedrooms for the night. Please show students where their devices must be placed overnight (e.g. kitchen bench). This is to ensure students get an uninterrupted night sleep and are best prepared for learning at school the next day.

Students are informed that this is a school directive that they are expected to comply with.

SECTION 3

Assimilation into Family Life

A vital aspect of homestay is that the student experiences everyday life as a participating family member.

It may take time to get to know each other and for the student to feel completely relaxed in your home. This is normal.

Encourage students to speak with you if they are having concerns or difficulties, either in the home or at school. Please be proactive in this by regularly asking questions and initiating discussions. Likewise, you should feel comfortable in addressing any concerns with the student.

For serious concerns or ongoing struggles, school staff may be able to assist in facilitating communication.

General Behaviour

Students are required to show respect to the homestay family members and comply with household rules and routines.

Students are to respect and abide by family rules and behaviour expectations. This may include such things as internet/television/mobile phone restrictions, participating in family meal times and activities etc.

Rules

You may find it beneficial to have a “rules” list to clearly outline your house rules and expectations. This could be kept on the bedroom door, fridge or common area which the student can access.

Names

Make sure the student knows how to address members of the family. This includes what to call homestay parents and extended family members they may interact with such as grandparents, aunts/uncles, etc.

Chores

Students will be expected to participate as a member of the family. It is expected that students will help with normal household chores such as doing dishes, light cleaning, helping with laundry etc. Students must keep their own bedroom clean and tidy.

We ask families to assist with enforcing these rules within your home.

Curfews

Students are expected to return home straight from school unless a prior arrangement has been agreed between homestay parent and student.

It is up to the homestay family as to what curfew they wish to set for the student depending on the student's age and level of maturity. The School recommends a curfew of around 9-10pm on weekends.

Families may restrict student's social activities if school work is suffering.

We ask families to enforce technology curfews for the use of devices such as computers, mobile phones, etc. By 10pm on school nights (unless exceptional circumstances) mobile phones, laptops, tablets and other electronic devices must be switched off and removed from the student's bedrooms for the night. Please show students where their devices must be placed overnight (e.g. kitchen bench). This is to ensure students get an uninterrupted night sleep and are best prepared for learning at school the next day. Students are informed that this is a school directive that they are expected to comply with.

Bedtime

It is often challenging for international students to come to terms with Australian family routines, particularly our 'early' bedtime. Many of them come from large cities where shops and restaurants are open until 2am and everyone goes to bed much later than we do.

We suggest a bedtime of around 9-10pm on school nights is appropriate.

We insist that laptop computers, mobile phones and other portable electronic devices are not left in the student's bedroom overnight. Show your student where to place them before bed (e.g. on the kitchen bench, in the study, etc.)

Emergencies

We understand that sudden emergencies can occur, such as a death or illness in the family. In the event of an emergency with the homestay family please contact the school immediately.

In the event of a sudden emergency with the student's family, please contact the school immediately. Students must not travel without the consent of the school.

SECTION 4

School Requirements

Attendance

Student visas carry attendance requirements. Students MUST attend school no less than 80% per semester (two consecutive terms). Lateness is also factored into this calculation. As a host, you are responsible to encourage the prompt arrival of the students to school and ensure attendance obligations are met. Please regularly chat with your student and check that they are arriving at school on time.

Homestay families are responsible for ensuring the student attends school every day unless unwell or an emergency situation occurs.

If a student is too unwell to attend school, the Homestay parent must inform the school prior to the commencement of the school day. Please do this by either ringing the school absentee line on 3373 5978 or alternating contacting the Homestay Coordinator via email.

Truancy and unjustified absences will be dealt with according to school policy.

If a host family holiday is scheduled during the school term, please inform the school at least one month in advance so alternate accommodation arrangements can be made. Students are not to attend homestay family holidays if scheduled during school term.

Students may not travel back to their home country during school terms. The only exception to this is an emergency situation, such as a death or grave illness in the student's family. In this case please contact the school prior to the student making any travel arrangements.

Homestay families may, on occasion, need to collect students from school if they fall ill or have an accident requiring medical attention during the school day.

If necessary, the student may attend medical or dental appointments during the school day. It is the homestay family's responsibility to transport students to and from such appointments.

Homework

The homestay family will ensure the student has adequate time and space (as per the schools stated homework guidelines) to complete all homework.

Students may occasionally require assistance with homework.

Teachers may contact homestay families if there are issues concerning things such as non-completion of homework and assignments, etc.

Student visas carry academic requirements. Students MUST obtain no lower than a C- in all assessments, across all subjects.

School Uniform

Homestay families will ensure the student wears the correct uniform and presentation is neat, clean and ironed. The student will bear the cost of purchasing all required school uniform items and footwear.

Transport

Homestay families will ensure the student has transport to and from school at the required times. This may be by public transport, the St Aidan's school bus or private vehicle. The student will pay for their own public transport costs.

Students will not travel alone on public transport after dark.

Homestay families are responsible for transporting students to and from additional school activities, such as evening events or sport. It is acceptable to arrange a carpool with another St Aidan's parent whose child is attending the same activity.

Homestay families will not charge the student extra for transport.

School Interviews & Events

Homestay parents are expected to attend things such as occasional interviews with school staff regarding the student's welfare, academic progress, attendance or subject selection. Homestay parents are encouraged to attend special events with the student, such as awards ceremonies, graduation, performances, etc.

Changes in Circumstances

The homestay family must contact the school immediately if there is any change in family circumstances or details. This includes things such as:

- Family separation or relationship breakdown.
- A new partner or other person joining the household.
- Birth or death of a family member.
- Moving house.
- Change of phone number, email, etc.
- Any members of your home turn 18 years old.
- If you are suddenly unable to maintain your duties as a host whereby alternative living arrangements may have to be urgently arranged. Students cannot be left without an authorised supervising adult overnight.

Welfare

International Homestay Students will have been issued a CAAW (Welfare) certificate during enrolment whereby the Principal of St Aidan's Anglican Girls School holds legal welfare responsibilities whilst the student is in Australia without their parent(s).

Throughout the school year there may be occasions whereby students are required to obtain parental permission and signatures as authorisation. Examples include School Camp Permission, Immunisations Authorisation, Medical/Dietary Forms, Photography Permission etc. The students' parents **MUST** give their approval and signature as authorisation. This is not the responsibility of the homestay family.

The exception is the Holiday Intention Form where by Homestay Families can and must sign this form.

Outside School Hours Expectations

General Supervision

Homestay families must be prepared to arrange suitable free time activities for their student if required.

Homestay families must ensure that the student is adequately supervised in their free time.

If a homestay family is comfortable with a student's level of maturity, they may be left at home on their own for periods during the day. The student will not be left alone overnight.

The student will not be left in the home without the company of family members for long periods of time. It is generally expected that a homestay parent (or supervising adult) will be at home at least 4 evenings per week.

Transport

In general the homestay family will assist the student with transport to weekend activities, such as shopping or movies with friends. This may be by public transport or private vehicle. The student will bear the cost of public transport.

Students will not travel alone on public transport after dark.

Family Outings

The aim of Homestay is for students to experience life as part of an Australian family. Where possible, please include your student in family outings and special events.

Sleepovers

International students may ask if they are able to have a sleepover at another person's home. Sleepovers must be approved by the International Homestay Coordinator each time and are only permitted if arranged with a confirmed residence of another International Student, St Aidan's family or an authorised biological family member.

Many students may call close family friends, "Aunt or Uncle" however they are not biologically related to the student.

As the host, you must obtain and know all details including name, address, and contact number of the place where the sleepover will take place as well as the time frame of the sleepover. Where possible you should meet the "friend" or "family member" at the start of the arrangement.

All information must be given to the International Homestay Coordinator via email, no less than three days prior to the date of the sleepover. The school may decline any request submitted after this time.

Social Outings

The student may wish to participate in weekend activities with friends, such as movies, shopping, visiting the city, etc. It is expected that they will ask permission from homestay parents to attend such activities prior to attending. The student will provide the homestay family with details such as where they are going, who they will be with, transport arrangements and expected return time.

Birthdays & Special Events

Please familiarise yourself with your student's birthday and any significant cultural or religious events they may wish to observe or celebrate.

School Holidays

Before each holiday break, International Students are required to complete a School Holiday Intention Form and submit it to the International Homestay Coordinator by the deadline date. Any form of travel must be approved by the school.

You may take your student with you on family vacations during school holidays if they are not returning home.

If your family is going on vacation and you are unable to take the student with you please inform the school at least 4 weeks before the holiday period so alternate arrangements can be made.

Student Employment Regulations

Student visas carry employment regulations. Students may decide they want to obtain a part time job. Please note that students are only able to work a maximum of 40 hours every fortnight.

Airport Transfers

A St Aidan's staff member will meet the student at Brisbane Airport on their initial arrival into Australia. The Homestay family may accompany the staff member to the airport or the staff member may transport the student to the home.

Further airport pick-ups and drop offs (e.g. if the student is returning home for the school holidays) will be the responsibility of the Homestay family. Students need to consult with Homestay families prior to booking flights, to ensure departure and arrival times are convenient. In general students will be expected to book flights that depart or arrive on weekends or out of work hours.

Driving Lessons

Students who are of legal age to begin driving lessons here in Australia, may ask for your assistance with additional driving lessons. We strongly recommend that you decline this request and refrain from using your own private vehicle. Students if they wish, can arrange driving lessons via qualified driving school.

For your reference the St Aidan's driving policy for students is as follows;

Intending student drivers must apply to gain permission to drive to school. Application forms are available from Student Services. Completed forms (including a photocopy of Driver's Licence) must be returned to the Principal for signing.

The following rules apply to students who have been granted permission to drive:

- All students who have been given permission to drive must carry their authorisation from the Principal with them at all times so they can produce it on request.
- For each passenger carried in the student vehicle, written permission from the passenger's Parent/Guardian must be provided.
- Parking should be in Kathleen Street and the northern end of Harrowby Street, away from areas used by staff. (Ruthven Street is strictly out of bounds).
- Student cars are out of bounds throughout the day from the time students arrive at school until departure time (cars are not to be used as a storage place).
- Breaches of traffic rules which come to the attention of the School may well be communicated to the Police.
- Traffic rules must be adhered to at all times.

If these requirements are not met, or if student driving is considered dangerous for other reasons, the permission for the student to drive to and from School may be withdrawn.

SECTION 6

What Happens First Matters

Students may feel daunted and overwhelmed when they arrive. For many it will be their first trip to Australia. Adjusting to culture and lifestyle changes may take time.

Be aware that on arrival the student may be jet-lagged.

During the first week, the following should be attended to (or at the very minimum discussed with the student with a firm plan made of when it will be attended to).

Banking & Money

If they do not already have one, please assist your student to open an Australian Bank Account immediately. Show them how to access their money via ATM cash withdrawals, EFTPOS in stores, etc.

Show them the variety of coins and notes we use here in Australia and explain how purchases are generally made here. Many students come from countries where negotiating prices with store owners is normal. It is important to explain that in Australian stores prices are marked on or near the item and are non-negotiable.

Students may arrive with large amounts of cash. If it is not possible to open a bank account within 24 hours the cash may be stored temporarily in the school safe until a bank account is opened. Explain to the student that Australians generally do not need to carry large quantities of cash around as we have reliable access to ATM's at all times.

Homestay parents are not to be signatories on student bank accounts. If there are difficulties with the student opening an account independently please contact the International Homestay Coordinator.

Most banks will not allow students under the age of 16 to open an account without a parent or guardian as signatory. The exception to this is the ANZ bank, which will allow students to open an account if they can accurately replicate the signature on their passport. If a Homestay student under the age of 16 needs to open a bank account please arrange this through the ANZ bank. ANZ bank branches are located at Sherwood, Indooroopilly, Toowong, Kenmore and Mt Ommaney.

Mobile Phone

Assist the student to purchase a mobile phone and/or Australian SIM card. Students must provide the school and homestay families with their mobile phone number. The student is responsible for mobile phone costs.

Emergencies

Explain how to contact emergency services (Police, Fire and Ambulance) via 000. Ensure the student understands what an emergency is and when it is appropriate to contact 000.

Explain to the student that if they are unwell you can make them an appointment to see a local doctor or take them to the hospital for more serious concerns.

Ensure the student knows how to get hold of host family members or the school in an emergency.

Transport

The student is responsible for all costs associated with the use of public transport.

Familiarise the student with local public transport options (usually train and/or bus services). Assist them with obtaining a Go Card.

If the student will be using public transport to get to and from school, ensure they know the process and route. If possible, travel with them on their first trip. Students are not to travel alone on public transport after dark.

For evening or extra-curricular school related activities the homestay family will provide transport if public transport within daylight hours is not practical or available.

Homestay families cannot charge students extra to transport them in their own vehicle.

Clothing and School Uniform

The student must provide all their own clothing and footwear. Ensure the student has appropriate clothing (including underwear) for the season/climate. Take them shopping if they require extra items. This is at the student's expense.

Prior to commencing at school, ensure the student has a full uniform as per the school's requirements. You may need to take your student shopping to purchase complying school and sports shoes.

Communication

Students will all have conversational English to some degree. Levels will vary. Please be sensitive to this, speak clearly and use simple language where possible.

Many students read English better than they speak it. For this reason, it may be helpful to provide students with written copies of things such as house rules, family routines, to ensure they clearly understand. Placing these rules in a visible location such as the fridge may be beneficial.

Finances, Insurance & Legal Requirements

Blue Card

One of the main legal requirements to being a homestay family is each member of the household who is 18 years of age or over must hold a Suitability Card (also known as the “Blue Card”). Blue Cards are issued by the Blue Card Services Public Safety Agency. For Homestay families, these cards are issued as a “V” volunteer card with no expense to you.

It is your responsibility to ensure your Blue Card is current. Renewal notices are posted to you from Blue Card Services Public Safety Agency. The school does not receive any communication regarding renewals.

All members of the household who reside overnight or who have responsibilities for supervision of children (such as a nanny or babysitter) must hold a current Blue Card when an International Student is present in the home. This includes adult children who return during university breaks or on weekends etc.

When people over 18 are present in the home (e.g. visiting friends or relatives, tradespeople, etc.) a person who holds a current Blue Card must also be present. Usually this will be a member of the Homestay family.

If you do not already hold a Blue Card, the school will arrange the processing of your application.

For further information visit www.bluecard.qld.gov.au

Homestay Payments

Homestay families act as a ‘volunteer’ (not an ‘employee’), according to the Qld Commission for Children, Young People and Guardian. The homestay payment is to cover the cost of providing care, accommodation and meals.

Homestay situations do change from time to time and homestay payments cannot be regarded as guaranteed income. Families are encouraged not to structure their lifestyle around reliance on homestay payments. The homestay payment is to cover the board and care of the student and should never be considered as a source of income to be used for any other purpose.

Homestay families are paid by the school in regular disbursements as follows;

Term: Weeks 1-5.

Term: Weeks 6 – 9 or 10 (Term is either 9 weeks or 10 weeks).

Holiday: As one payment to cover all weeks of holiday whether 1, 2, 3 plus weeks.

The payment week starts on a Monday and ends on a Sunday.

Payments are disbursed on the Wednesday at the start of each payment run.

No monies should change hands directly between the student and the homestay family, unless for such things as additional payments for home phone usage or internet data that has been incurred by the family. In these cases, the payment must be approved by the school prior to money changing hands.

We appreciate that homestay and student circumstances can change at any given time with limited warning and a student may need to suddenly move out. The International Homestay Coordinator will be in touch to organise and confirm any amount that the host may be required to refund back to St Aidan's. This payment must be refunded back to St Aidan's within 3 business days.

2017 Homestay payment rates are:

\$290 per week per student (school terms)

\$315 per week per student (school holidays)

Holiday Periods

For students returning home for the longer Christmas break there will be a one off payment of \$250 for storage of possessions during the holidays. Most students return home for the duration of the Christmas holidays.

For the Easter, July and September school breaks where the student remains in homestay, a payment of \$315 per week will be received by the homestay.

No payment will be made to homestay families when the student returns to their home country. It is considered a good will gesture to allow students to keep their belongings in the bedroom which they are using.

Home Insurance

Each Homestay family must ensure they have adequate insurance cover for their home by checking with their insurance company. This is compulsory.

Public Liability Insurance protects you from legal or medical costs that arise from an incident on your property, even if you are not to blame. Your policy should also include any potential compensation payouts including ongoing disability payment costs.

Some insurance companies will not cover a homestay student as they are paying money to live in your home. All homestay families should check the details of cover with their insurance company.

Should your insurance company not cover Homestay, these are two companies we have found who do provide the required cover.

AIG Australia (Homestay Host Insurance Plus) – <http://www.homestayhostinsuranceplus.com/>

RSM Group - <http://www.rsmgroup.com.au/forms>

Home and Contents Insurance pays for damage to, or loss of, an individual's personal possessions whilst they are located within the home. Homestay families must have a Contents Insurance policy that covers an international student living in your home.

Proof of insurance must be provided to the school before a student can be placed in your home. The details must show:

- Insurance Company Name
- Policy date and expiry
- Proof that 'homestay' is included on your policy

You may be asked for the Host Provider Group Code. For St Aidan's this is;

"QLD11 - Qld Educational Provider"

NB: We are happy to accept a copy with personal insurance details blanked out (such as house & contents value).

Breakages and Damage

It is realised that from time to time, things get broken or damaged. The following guidelines apply:

- If the breakage is accidental or innocent, or occurs within the daily wear and tear of normal life (e.g. the vacuum cleaner dies whilst the student is vacuuming) the homestay family will cover the cost of replacement or repair. Your insurance policy may cover some costs.
- If the breakage or damage is accidental, but there was mischief, disobedience or carelessness, the student will bear the cost of the replacement or repair. Please complete a St Aidan's Incident Report Form.
- If the breakage or damage was deliberate, the student will bear the cost of the replacement or repair. Please complete a St Aidan's Incident Report Form.

In the case of structural or building damage (except in emergencies), please obtain two quotes from a registered tradesperson and submit them to the International Homestay Coordinator to seek approval from students' parents to proceed.

Similarly, the following guidelines apply if a student's personal possessions (e.g. computer) are broken or damaged by a member of the homestay family.

- If the breakage is accidental or innocent, or occurs within the daily wear and tear of normal life (e.g. a computer virus) the student will cover the cost of replacement or repair. Your insurance policy may cover some costs.
- If the breakage or damage is accidental, but there was mischief, disobedience or carelessness, the homestay family will bear the cost of the replacement or repair.
- If the breakage or damage was deliberate, the homestay family will bear the cost of the replacement or repair.

No money will change hands between the student and the homestay family without the written consent of the school.
